

Hydraulic accessories for fountains

ADJUSTABLE EXTENSION

BRONZE / BRASS · 100% METAL · PLASTIC FREE · INFINITE LIFETIME · MADE IN ITALY

- Made in bronze and brass
- 50 mm standard regulation
- Greater height regulation on request

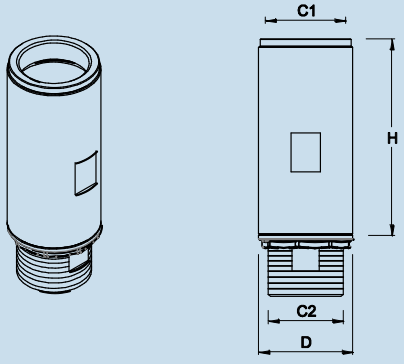

Made of bronze and brass, the adjustable extension for fountains allows the height regulation of the nozzle.

Device useful for the fine tuning phase of the system, especially for water level-dependent nozzles, such as Cascade and Geiser, whose functioning is greatly influenced by the nozzle position with respect to the water level. This allows to find the nozzle's correct working point according to the system's specific needs.

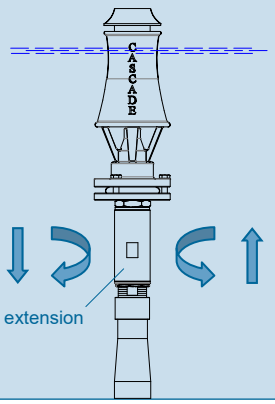

Regulation of 50 mm (greater adjustment upon request).
