

Accessories for underwater lighting

FLOOR STAND

AISI304 AISI316 MADE IN ITALY

- In AISI304 stainless steel (AISI316L on request)
- Fixed and adjustable versions
- Floor mounting

Made of AISI304 stainless steel, this floor stand is used when it is not possible to anchor the underwater fountain lights to other structures and it is vertically floor mounted.

In the telescopic version, the stand can be extended from 25 cm up to 40 cm.

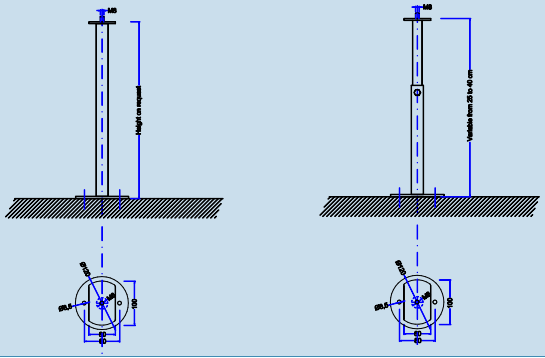

In the fixed version, it is custom-made so that the light is at least 5 cm below the water surface.

It is necessary to specify the model of light to be anchored. It can be made in AISI316L stainless steel on request.
