

Hydraulic accessories for fountains

FOUNTAIN SUPPORT

AISI304 | 100% METAL | PLASTIC FREE | INFINITE LIFETIME | MADE IN ITALY

- In AISI 304 stainless steel
- 32 cm standard height
- Different height upon request

Made of stainless steel and ideal for already existing tanks, the Fountain Support allows to hold the nozzle and to provide a support for the anchorage of underwater lights and possibly of the submersible pump, avoiding or limiting the nozzle's pipe vibrations.

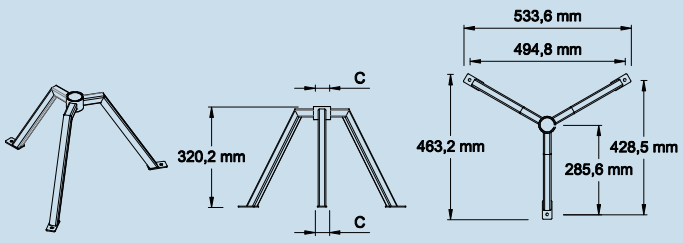

It is complete with nozzle, submersible pump with stainless steel filter and lights and, thus, it is ready to work inside the tank without the need for further interventions on the structure.

It can be arranged for a dry pump.

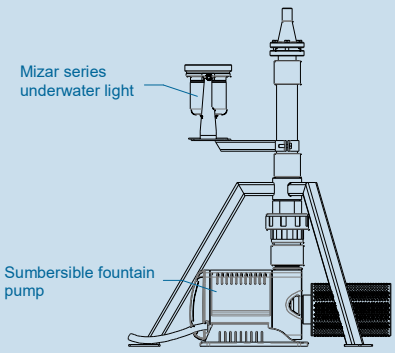

Different height upon request.
