

Classic nozzles

PIROUETTE

100% METAL | PLASTIC FREE | INFINITE LIFETIME | MADE IN ITALY

- Made of brass
- Rotating water jets feature
- Independent from the water level

The Pirouette fountain nozzle is made of brass and is independent from the water level.

It creates a rotating effect made up of 6 jets ø 8 mm and 1 central jet ø 8 mm.

TIPS FOR USE AND APPLICATIONS

The Pirouette is a nozzle of high aesthetical value also in is structure and geometry, obtained from specific manufacturing aiming at making its appearance pleasant.

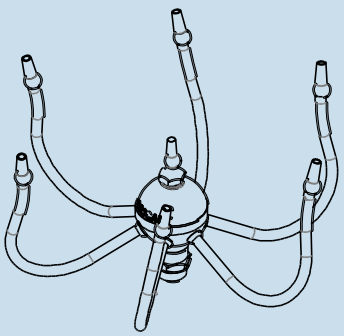

The suggestive water effect contributes to make the water scene dynamic, especially if used in groups.

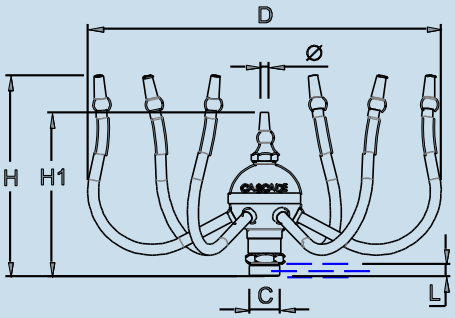

Ideal for medium and big basins (see the PREASSEMBLED FOUNTAINS WITH TANK section).

We suggest the use of the axial regulation flange.

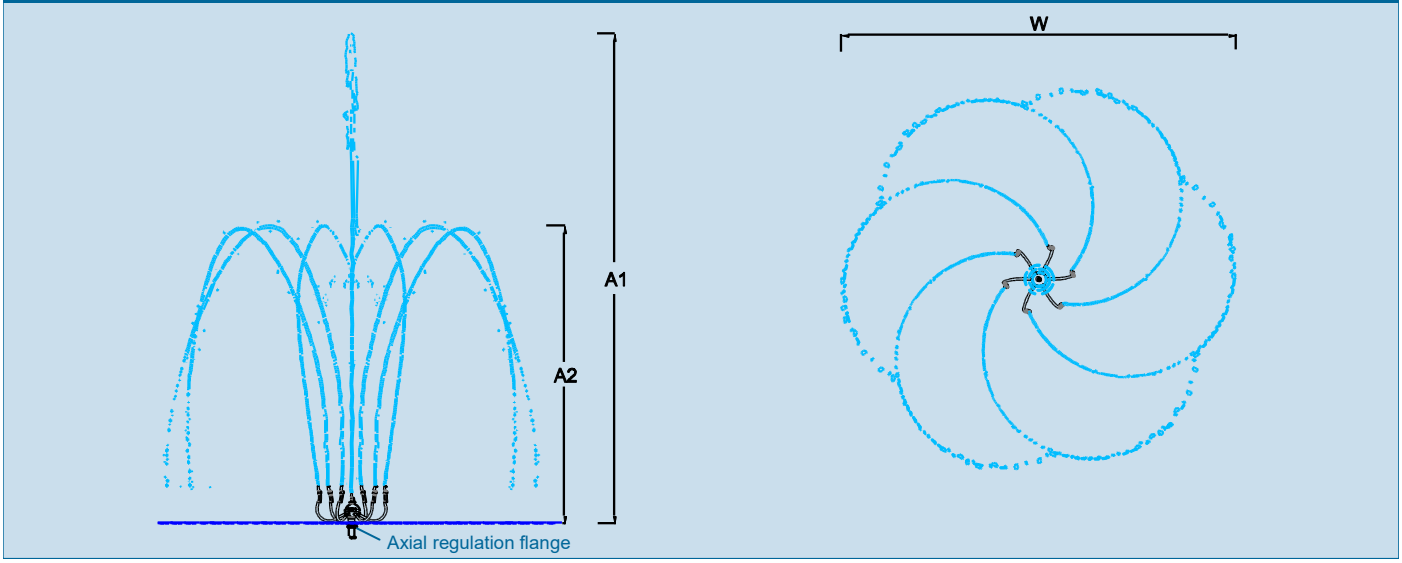

Underwater lighting: to enhance the water effect with monochrome or RGBW lighting features we recommend the use of the Mizar underwater LED fountain lights, professional products specific for fountain illumination, of refined design, cutting-edge technology and amazing lighting outcomes.
