

Accessories for dry fountains

WALL BASKET FILTER

AISI304 | AISI316 | WALL MOUNT | EASY CLEANING | MADE IN ITALY

- Made of AISI304 stainless steel (AISI316 on request)
- Extractable filtering basket
- Easy cleaning
- Wall mounting
- Different dimensions on request

The wall basket filter for dry fountains, made of AISI304 stainless steel, is used in dry fountains as a first filter for the suspension dirt inside the water returning to the compensation tank.

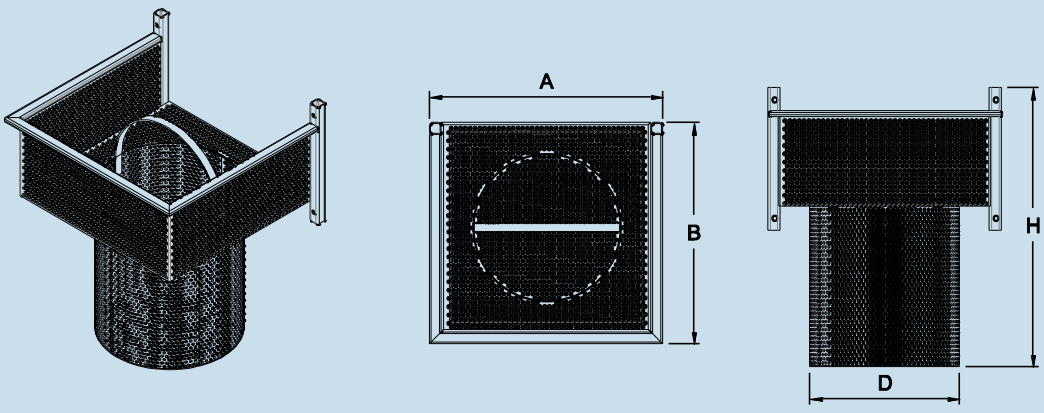

It consists of two parts, the fixed framework hooked to the wall and the extractable basket allowing for a simple cleaning of the filtering system.

To be mounted inside the compensation tank, next to the arrival of the water return pipe from the fountain.

Wall-mounted.

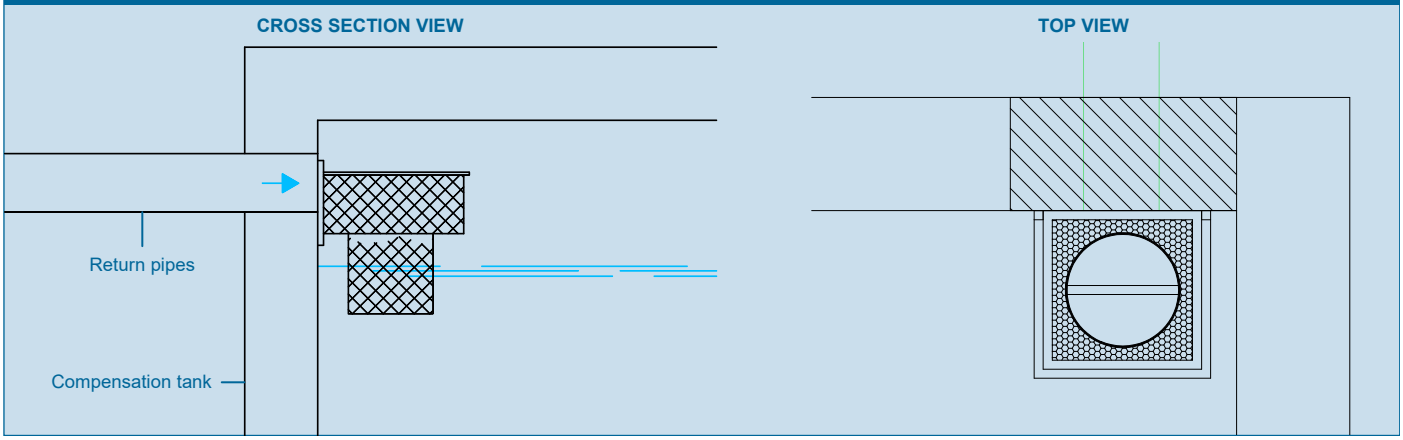

Different dimensions and AISI316 stainless steel upon request.
