

Hydraulic accessories for fountains

WATER INTAKE

AISI304 | AISI316 | 100% METAL | PLASTIC FREE | INFINITE LIFETIME | MADE IN ITALY

- In AISI304 stainless steel (AISI316 on request)
- Floor mounting
- Flanged or threaded connection
- Different height on request

Made of AISI304 stainless steel, the Water Intake for fountains is suitable for the hydraulic supply and water replenishment of the fountain.

Usually vertically and floor mounted, with a height sufficient to reach the water level to allow a sight control of the tank water replenishment.

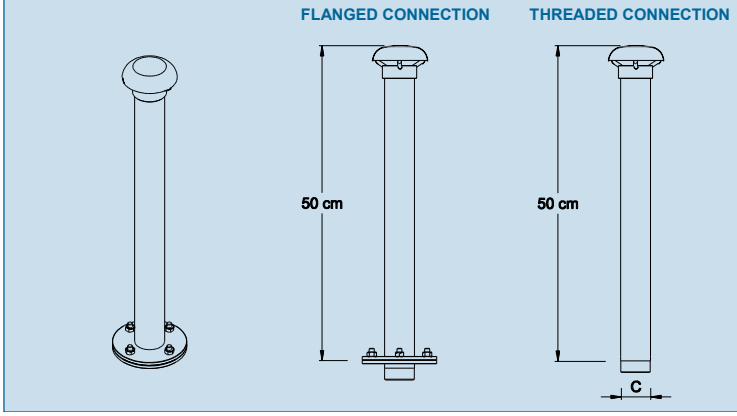

Available with flanged and threaded connection.

In the threaded connection version, we recommend the use of the axial regulation flange.

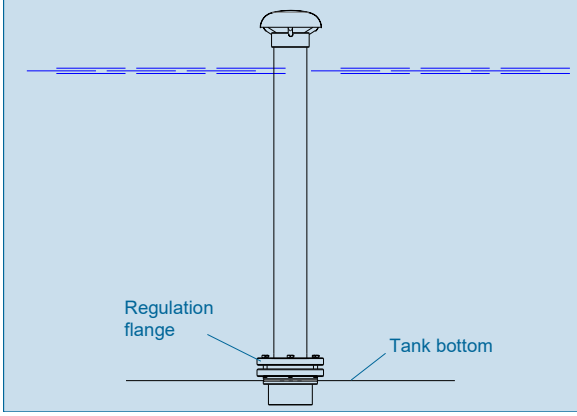

Upon request, made in AISI316 stainless steel and with a different height.
